GOVERNMENT OF KERALA

Abstract

HOME (A) DEPARTMENT

GO( Ms.) No: 289/2011/Home Dated, Thiruvananthapuram, 29-12-2011.

ORDER

The State Police Chief, Kerala, Thiruvananthapuram in his letter read above has reported that large industrial establishments and vital installations like dams and power plants are pivot for the national development and economic progress. Such institutions require effective protection especially in the light of internal security threats we face at present. In the last few years security concerns relating to public spaces and institutions having high degree of public interaction like banks, hotels, etc. have gone up considerably. Even major sports or cultural events are conducted after evaluating security needs. He has also stated that the number of institutions without effective security are very many. They are usually approaching private security agencies for providing private security guards. Deploying armed private security guards at vital installations and important commercial organisations are not at all desirable. Therefore, it has become essential to constitute a separate force for providing physical institutional security in the Government, public and private sectors to those who are willing and able enough to pay for such security services.

(3) Therefore, the State Police Chief has requested for the creation of a State Industrial Security Force (SISF) in the form of CISF with necessary sanctioned posts. Though the proposed force will be under the control of State Police Chief, it is not be a part of general Police establishment. The Staff of the proposed State Industrial Security Force (SISF) can be taken at any level either on deputation from the Police Department and or by temporary appointment of Ex-Service men, when there is insufficient number of persons available from the Police Department on deputation basis.
(4) Government have examined the matter in detail and found that a State Industrial Security Force is essential for providing security to the important institutions and establishments in the State. Therefore, Government are pleased to order that a State Industrial Security Force (SISF) is created in the State in the form of CISF with a strength of 500 personnel for providing sufficient security coverage to those vital institutions in Government, Public Sector and Private Sector in Kerala, who are willing and able to pay for such security services.

By Order of the Governor,

K.JAYAKUMAR,
Additional Chief Secretary to Government.
